The City Council previously passed ordinance No. 664.10.07 and ordinance No. 279.05.08 authorizing execution of a three year contract to provide employee assistance program services to City Employees and their family members. The per capita rate was raised four percent (4%) for contract term for FY10. Due to the head count changing for FY10, and the

four percent (4%) increase, we need to ask for an expenditure authorization of \$39,037.74 in a total amount not to exceed \$112,033.26. This is the third year of a three year contract.

**2009-216** A Resolution Supporting A Comprehensive State Capital Infrastructure Program. **(Requested By Mayor Timothy J. Davlin) (Public Affairs And Safety)**

Motor Fuel Allocations for municipal, county and township roads and bridges are only 10% higher than they were eight years ago, yet the cost of construction on local roads is 90% higher during that same timeframe. The Motor Fuel Tax has not been changed since it was raised to 19 cents a gallon in 1990. After expenses are removed the balance of the 19 cent Motor Fuel Tax is distributed as follows: 45.6% to the state, 26.7% to municipalities, 19.1% to counties and 8.6% to townships. It is extremely important that the dollars are divided by formula and that the current formula is kept intact; and that units of local government have the opportunity to control what projects will be funded in their respective jurisdictions. Regardless of the funding source, it is critical that local governments receive their fair share and are treated equitably in any capital bill.

**2009-217** A Resolution Amending Resolution 037-08 Providing Public Notice Of Regular Meetings Of The Council Of The City Of Springfield, Illinois, For The 2009 Calendar Year, As Amended. **(Requested By Mayor Timothy J. Davlin) (Public Affairs And Safety)**
